EDUCATION

-
- University of Michigan School of Information**, Ann Arbor, MI Expected April 2026
Master of Science in Information: Libraries, Archives, and Knowledge Environments in Society (LAKES) Pathway
- GPA: 4.00/4.00
- Colgate University**, Hamilton, NY May 2022
Bachelor of Arts in History with Minors in Geography and Japanese Language
- GPA: 3.89/4.00
 - Received Honors in History and prize for Distinguished Thesis in History May 2022

WORK EXPERIENCE

-
- William L. Clements Library**, Ann Arbor, MI September 2024 – present
Library Assistant, Manuscripts Division
- Processed manuscript collections by creating and executing organization plans, determining appropriate series and subseries arrangements, labeling manuscript folders and containers, and researching and creating EAD-compliant finding aids
 - Collaborated with a co-worker to develop a Python script that manipulates XML documents exported from ArchivesSpace to streamline and expedite the Manuscript Division's production of EAD-compliant finding aids
- Leelanau Historical Society & Museum (LHS)**, Leland, MI May 2025 – August 2025
Curatorial Intern
- Researched and wrote ~3,500 words of text for 10 display panels and curated a selection of items to display in a new exhibit
 - Reviewed and made recommendations for LHS's Collections Management Policy to reflect current best practices and clarify the policy's language about digital collection items and digital loans
 - Performed reference service by connecting researchers and non-profit partners with material from LHS's archives to fulfill research requests and promote access and use of LHS's collections
- Museum and Archives Intern** May 2023 – July 2024
- Researched and wrote ~4,500 words of text for display in three new exhibits, the duration of one of which was extended for two additional years due to high community interest
 - Created an ArcGIS Story Map highlighting over 100 historic sites in Leelanau County, Mich., to bolster LHS's digital offerings and promote community interest in local history
 - Digitized and added materials to digital collections using PastPerfect software to reduce the volume of backlogged materials
- New Bohemian Cafe**, Northport, MI May – August 2021; May 2022 – August 2024; May – August 2025
Cafe Employee
- Trained new employees and worked with customers in a fast-paced cafe environment to answer questions, prepare items to customers' satisfaction, and package and deliver orders efficiently to create a welcoming atmosphere and ensure a smooth workflow, resulting in positive feedback from supervisor and customers

PROJECT EXPERIENCE

-
- From Clippings File to Dataset: Data Cleanup for UVA Library** (SI699: LAKES Mastery Course) January 2026 - present
Client: University of Virginia (UVA) Library
- Cleaned, standardized, and applied controlled vocabularies to a 22k-row dataset containing item-level metadata from the UVA History clippings file using OpenRefine and Python scripting, thus enabling digital searchability, item discovery, and access
- Proxy Research** (William L. Clements Library) November 2025 - present
- Fulfilled photo duplication requests for remote researchers, ensuring proper materials handling and high-fidelity image capture.
- Archives Blitz, Yellowstone Heritage and Resource Center** (UMSI Alternative Spring Break Program) March 2025
- Collaborated with six UMSI students to appraise, arrange, re-house, and create a finding aid for Yellowstone's minimally processed Resource Management Collection (50+ linear feet) in a week-long project led by UMSI Prof. Emer. Elizabeth Yakel
- Online Archive** (SI580: Understanding Records & Archives) August 2024 – December 2024
- Collaborated with three classmates to conduct archival research, write descriptive text, curate, and create metadata for a digital archive (Omeka) that explores the diet and health philosophies promulgated by Michigan's Battle Creek Sanitarium

SKILLS

-
- Languages: Intermediate proficiency in Japanese
 - Archival Skills: Archival research, ArchivesSpace, DublinCore, EAD, MARC, Omeka, PastPerfect Museum Software
 - Programming and Other Tools: ArcGIS, G-Suite, JSON, Microsoft Office Suite, OpenRefine, Python, SQL, XML
